## Risk Register

## Date of Assessment / Review : 20-Feb-14

18.1	18.1										Calculated									
Ref.	Risk Name or Description	Causes	Existing Controls	Control Evaluation	Risk Category	Consequence	Likelihood	Risk Rating	Risk Score	Risk Accepted	Risk Owner	Risk Treatment Plan (refer no. & tab)	Updated	Risk Status	Next Review Date					
1.1	Risk Assessment	Not capturing all of the hazards and correct controls for the event	Risk assessment developed by competent personnel in conjunction with key stakeholders. Rish assessment prior to mobilisation and commencement of works. Rish assessment revised progressively during		Health & Safety	Moderate	Unlikely	Medium	6											
1.2		Inclement weather	Alternate venues or appropriate shelter is considered and planned for prior to any event		Health & Safety	Minor	Unlikely	Low	4											
2.1	Personnel / Volunteers	Personnel not fit for work / task	Volunteer statement of existing restrictions Assessment of skills / availability Volunteers are not to consume or be affected by alcohol or other drugs (including prescription medication that affects ability) when performing volunteer duties		Health & Safety	Moderate	Unlikely	Medium	6											
2.2		with BMG goals / specific volunteer	Orientation prior to undertaking volunteer roles. Briefings prior to activities. Mentoring by experienced volunteers Skills matched to volunteer roles		Management	Minor	Unlikely	Low	4											
2.3		Participants / volunteers not adequately qualified or trained	Volunteers provide details of experience or skills. Detailed briefings and appropriate training where necessary or specific tasks.		Health & Safety	Moderate	Unlikely	Medium	6											
2.4		Inexperienced personnel not monitored or trained for task	Detailed briefings and appropriate training where necessary or specific tasks. Mentoring by experienced volunteers		Health & Safety	Moderate	Unlikely	Medium	6											
3.1	Equipment compliance	Equipment not fit for purpose	Inspection prior to use Equipment compliant to Australian standards.		Health & Safety	Moderate		Medium	6											
3.2	Live electrical wires or faulty equipment	Electrocution hazard to patrons or performers	All installations to be carried out by qualified electrical contractors		Health & Safety	Major	Rare	Medium	4											
3.3			All leads and appliances to be tagged and tested		Health & Safety	Major	Rare	Medium	4											
3.4			Earth leakage protection to be fitted and tested		Health & Safety	Major	Rare	Medium	4											
3.5			All electric's to be installed in accordance with appropriate regulations  Switchboards are to be identified with signage		Health & Safety	Major	Rare	Medium	4											
3.6			"Danger – High Voltage"  Temporary installations to run overhead where		Health & Safety	Major	Rare	Medium	4											
3.7			possible		Health & Safety	Moderate	Unlikely	Medium	6											
3.8			Regular inspections by Area Wardens		Health & Safety	Moderate	Rare	Medium	6											
	Slip, Trip, Fall and Knock due to uneven, untidy, cluttered area	Bodily injury to public or participants	Crowd Managers and staff trained in recognition and prevention.		Security	Moderate	Unlikely	Medium	6											
4.2		The second secon	Serious trip and fall hazards identified prior to event and removed or treated to prevent injury.		Health & Safety	Major	Unlikely	Medium	8											
4.3			Staff site safety induction.		Health & Safety	Minor	Unlikely	Low	4											
4.4			Cables flown overhead where possible.		Health & Safety	Moderate	Unlikely	Medium	6											
4.5			Rubber mats and cable traps over cables.		Health & Safety	Moderate	Unlikely	Medium	6											
4.6			Barriers placed around protruding equipment.		Health & Safety	Minor	Unlikely	Low	4											
4.7			Barriers across stage fronts during work phases.		Health & Safety	Minor	Unlikely	Low	4											
4.8			Pits fenced during work phases.  Changes in height and edges highlighted or		Health & Safety Health & Safety	Moderate Minor	Unlikely	Medium Low	6											
4.10			barricaded. Slippery surfaces treated or isolated.		Health & Safety	Moderate	Unlikely	Medium	6											
4.10		1	Suppery surfaces treated or isolated.		ricaitii & Galety	ivioueiate	Offlinely	Mediuiii	U											

	1	Torrest to the Control of the Contro	 					1	ı	_	, ,	
4.11		Additional lighting in dark areas.	Health & Safety	Minor	Unlikely	Low	4			-		
4.12		Spills etc. isolated then cleaned by crews as soon as reported.	Health & Safety	Minor	Unlikely	Medium	6					
4.13	Loose / unsecured loads	All loads are to be secured or correctly packed to ensure potential for flying objects in the event of a sudden stop is avoided	Health & Safety	Moderate	Unlikely	Medium	6					
5.1 Required permits / insurance not in place	Failure to apply for a permit from the appropriate authorities and notified emergency services	Event checklists in place to identify all relevant permit / applications	Compliance/ statutory	Moderate	Unlikely	Medium	6					
5.2	Property and equipment not insured	Insurance cover verified	Compliance/ statutory	Moderate	Unlikely	Medium	6					
5.3	Public liability insurance not in place for organiser and stall holders where required	Insurance cover verified	Compliance/ statutory	Moderate	Unlikely	Medium	6					
6.1 Communication	No contact list for committee members responsible for each area of the event	Contact list developed and distributed to all stakeholders and available to all committee members	Management	Minor	Unlikely	Low	4					
6.2	No effective communication on-site - PA system, mobile phones, loud-hailer etc.	Sound system installed and checked prior to event	Service delivery	Moderate	Unlikely	Medium	6					
6.3	No checklist to ensure all appropriate documentation, such as the event plan, contracts, sponsorship letters, licences/permits, event program, accounts and emergency plan	Event checklists in place to identify all relevant permit / applications	Management	Moderate	Unlikely	Medium	6					
6.4	Failure to contact all key stakeholders, such as local councils, police, ambulance service, food vendors and security	Event checklists in place to identify all relevant stakeholders notified	Management	Moderate	Unlikely	Medium	6					
6.5	No contact list for all stakeholders and stall holders	Contact list developed and distributed to all stakeholders and available to all stakeholders and stall holders	Management	Minor	Unlikely	Low	4					
6.6	No site map of the event distributed to all stakeholder and stall holders.	Site map developed as required	Management	Minor	Unlikely	Low	4					
6.7	No information centre for event patrons	Information booth established as event with appropriate signage	Management	Minor	Unlikely	Low	4					
6.8	No signs on-site indicating where to find phones, toilets, water, first-aid posts, parking, security, lost and found, public transport, etc.		Management	Minor	Unlikely	Low	4					
6.9	No appropriate signs on-site indicating rules regarding smoking, alcohol, bag searches, etc.	Appropriate signage placed around site	Management	Minor	Unlikely	Low	4					
7.1 Mobilisation of personnel / vehicles to site	Traffic management plan for the event not developed	Traffic management plan to be developed identifying traffic flow, parking, emergency access / pick-up points, perestrian access and walkways	Management	Moderate	Unlikely	Medium	6	 				
7.2	Inadequate car parking – for cars, buses, taxis, emergency vehicles	Assessed at event venue in consultation with local authorities	Health & Safety	Minor	Unlikely	Low	4					
7.3	Non compliant light / heavy vehicles	Licenced vehicles and drivers. Vehicles fit for purpose	Health & Safety	Minor	Rare	Low	2					
7.4	Personnel unfamiliar with travel route / road requirements	Detailed planning and briefings for all drivers. Consider preparing route maps. Escorts familiar with route lead others if necessary	Management	Minor	Unlikely	Low	4					
7.5	Speeding	All drivers are to comply with posted spped limits and WA rules	Health & Safety	Moderate	Unlikely	Medium	6					

7.0	)	Alcohol and other drugs	Volunteers are not to cosume or be affected by alcohol or other drugs (including prescription medication that affects ability) when performing volunteer duties	Health & Safety	Мајог	Unlikely	Low	4				
7.	,	Loose / unsecured loads	All loads are to be secured or correctly packed to ensure potential for flying objects in the event of a sudden stop is avoided	Health & Safety	Moderate	Unlikely	Medium	6				
7.8		Workers fatigued - long travel and working days	Volunteers assessed for fatigue at completion of event prior to departing	Health & Safety	Moderate	Unlikely	Medium	6				
8.	Emergency response (General)	No emergency response plan	Event emergency plan to be developed and distributed to all stakeholders		Moderate	Unlikely	Medium	6				
8.:	2	No evacuation plan	Event evacuation plan to be developed and distributed to all stakeholders and announced at commencement of event to public	Health & Safety	Moderate	Unlikely	Medium	6				
8.3	3	Emergency agencies not aware of event (Police, St John ambulance etc.)	Relevant emergency services contacted prior to event and included in Emergency plan distribution	Health & Safety	Moderate	Unlikely	Medium	6				
8.4		No emergency tools on-site, such as a fire axe and bolt-cutters	Appropriate emergency tools to be available on-site prior to event commencing	Health & Safety	Moderate	Unlikely	Medium	6				
8.	;	Inadequate emergency power and lighting (if required for event)	Appropriate emergencypower and lighting to be available on-site prior to event commencing as required	Health & Safety	Minor	Unlikely	Low	4				
8.0	Emergency response (Fire)	Fire services not consulted to ensure you have all necessary fire fighting equipment required by law	Consultation with fire emergency services	Health & Safety	Moderate	Rare	Medium	3				
8.		Portable fire protection equipment not located throughout the venue	Sufficient portable fire protection equipment to be located throughout the venue	Health & Safety	Moderate	Unlikely	Medium	6				
8.8	3	Declaration of a total fire ban or fire danger period on the day of the event not considered	Weather conditions and alerts to be assessed prior to event	Health & Safety	Moderate	Rare	Medium	3				
8.9		Inadequate hydrants or suitable water supply available to fire services	Consultation with fire emergency services	Health & Safety	Moderate	Rare	Medium	3				
8.10		Portable gas cylinders (cooking, inflating balloons, etc) not properly secured	All portable gas cylinders secured against falling	Health & Safety	Moderate	Unlikely	Medium	6				
8.1		No permit to use fireworks	Application for appropriate permit to be submitted and approval given prior to event	Compliance/ statutory	Moderate	Rare	Medium	3				
8.13		Fireworks not operated by a qualified pyrotechnician	Fireworks to be used only by authorised personnel	Compliance/ statutory	Major	Rare	Medium	5				
9	Security	Security plan not developed for the	Security plan to be developed in consultation with	Management	Minor	Unlikely	Low	4				
9.:	,	event Security personnel not licenced and trained	security providor  All Security personnel to be licenced and trained	Compliance/ statutory	Minor	Unlikely	low	4				
		trameu		Statutory								
10.	Medical	No first-aid post on-site that is set up with lighting, power, running water (or bottled) and appropriate equipment	First aid post to be established, stocked and manned revelant to expected numbers	Health & Safety	Moderate	Unlikely	Medium	6				
10.		Trained staff or volunteers to man the first-aid post not provided	Appropriately trained and experienced first aid personnel and volunteers to be used	Health & Safety	Moderate	Unlikely	Medium	6				
10.3	3		Consultation with St John Ambulance for presence on site or availability to respond	Health & Safety	Moderate	Unlikely	Medium	6				
10.4			Appropriately trained and experienced first aid personnel and volunteers to be used	Health & Safety	Moderate	Unlikely	Medium	6				
10.		Signage of safety messages such as First Aid post location, sun-smart, appropriate use of alcohol and attitudes to drink-driving not in place	Relevant guidance and promotional signage in place at event	Health & Safety	Minor	Unlikely	Low	4
